July – August, Volume 2015, Issue 4

Chapter President – Lorie Bennett

Our chapter president, Don Binder passed away May 31 after a more than 5-year battle with chronic lymphocytic leukemia. Following our chapter’s bylaws, as the 1st vice president, I became the president and was installed at our chapter’s June 3 meeting. I am looking for guidance from everyone to help me maintain the chapter’s high level of excellence achieved under Don’s guidance, both statewide and at NARFE’s national office.

My first priority is to keep our chapter fully functioning. While our membership numbers have increased some, the attendance at our monthly meetings has pretty much remained the same. We need to explore ways to increase that number. To do so, will require a team effort. By that I mean – all of us, not just a few! **An example – our chapter’s nominating committee is looking for members to serve as secretary and 1st vice president. Nominations are in October, elections in November and installation in December. Contact Pat Turner if you are interested or want to learn more.**

Legislative matters are important to all. Members who get news from the NARFE office can see how hard the staff there works to preserve our annuities and benefits. We need to support their efforts. Mary Binder and I will share legislative news with you as we receive it. **And a reminder: August is NARFE Grassroots Advocacy Month! See the “narfe” magazine and website!**

NARFE-PAC is another area we need to support. This was a passion of Don’s. He was serving as our Region IX NARFE-PAC chairman besides being our Washington State federation’s PAC chairman. Both our region and federation are working to continue Don’s work. Our chapter’s PAC chairman, Steve Howes, will be assisting me in continuing to provide you PAC information.

Meanwhile, I hope you are having a wonderful and safe summer. See you in September!

2nd VP/Webmaster – Larry Williams

With the data breach at the Office of Personnel Management (OPM), it is more important than ever to know what is happening. One way to do that is through the NARFE website, www.narfe.org.

At the site's home page, is the latest information about the breach. Once on the home page, click on the link for additional information.

The chapter's website, www.narfe1192.org, has also recently been updated. Remember to check it for everything from chapter newsletters to meeting minutes, programs and menus.

Director at Large – Steve Howes

Our chapter is at a bit of a crossroads. The passing of President Don Binder has left a leadership vacuum that will be difficult to fill not only at our local level, but also at the state's federation level. All of us in Chapter 1192 leadership positions will do our utmost to live up to the high standards Don established for us.

Also at this time, NARFE at the national level is going through a period of transition as it works to move forward with its strategic planning effort. The NARFE Strategic Planning Committee has been meeting and continuing discussions on the *Future of NARFE* report. The Strategic Planning Team will be working on developing a strategic plan for NARFE's future. There could be some significant changes on the horizon; so, stay tuned.

With our chapter now on summer break, I encourage everyone to use this time to put some thought into how you would like our chapter to function and evolve over time. Be prepared to share your ideas. Study the information on the NARFE national website. There is a lot there and it will give you a good idea of what is happening and what our leadership has in mind. **Remember, the best way to deal with change is to participate in the process! 2176**

I hope you have an excellent summer. I'll see you in September.

Director at Large – Pat Turner

It was my privilege to attend our NARFE Districts I and V workshop in May. Nancy Crosby, our District V vice president, did an outstanding job

organizing the workshop, and putting relevant and pertinent information on the agenda to provide grassroots information for all the attendees. Of special interest, was an update on NARFE's strategic planning and how all of us can make a difference in NARFE's future by providing comments and being active in opportunities provided by NARFE. Another workshop benefit – the social aspect of meeting fellow members and officers!

District V Vice President – Nancy Crosby

As Pat Turner noted in her article, our district hosted a workshop May 28 in conjunction with District I. There were 37 attendees. Region IX VP Lanny Ross, and WSFC (Washington State Federation of Chapters) President Rich Wilson, Treasurer Arlene Patton and Training Coordinator Autie Bergman gave presentations and reports. Evaluations were very positive. Participants noted that the workshop was very informative and worthwhile.

2016 WSFC Convention – May 15-17

Volunteers needed!

Before the workshop, the District V chapters – Tri-Cities, Walla Walla, Yakima – met to discuss assignments for the 2016 WSFC convention, which the district is hosting. As convention chair, I gave a presentation outlining convention events and the help needed. Looking ahead, after the September 3 WSFC board meeting, I will visit the 3 district chapters to finalize convention committee assignments.

This fall the WSFC nominating committee will be actively looking for nominees for almost all the WSFC offices. Elections will be at the May convention. Please consider running for an office or volunteering for a committee chair. Your help and participation is needed.

Our Region IX, federation, district and chapter were saddened by the passing of chapter president, Don Binder. He was known as "Mr. NARFE-PAC" for his commitment to his responsibilities as the Region IX PAC chairman. He was an asset to NARFE and will be missed. Our sincere condolences to his wife, Mary, and their families.

Service Office – Lorie Bennett

Congratulations to NARFE Service Officer of the Year, Phyllis Garvas, Walla Walla chapter! And, our service office is open regular hours this summer! **See page 4.**

Legislative – Mary Binder

So, I'm reflecting on what Don would want me to say for this column. Besides NARFE-PAC, he was passionate about current events and staying abreast of legislation, both at the national and state levels. I know he strongly believed that while there may be such as thing as "summer vacation" for some people, that certainly does not apply in the political arena, especially at this particular time with 2016 and elections rapidly approaching. As President Lorie indicated, we'll continue to try to keep you abreast of legislation, especially what is important to current and/or retired federal employees.

As this newsletter "goes to press," OPM – the Office of Personnel Management – data breach continues to dominate the news. I've received my OPM notification letter, so am presuming many other members have, too. If you have questions regarding moving forward, please feel free to contact me or President Lorie. And as our webmaster, Larry Williams, wrote on page 2, continue to check the NARFE website for updates.

Other topics making the news cover the spectrum from hiring reform to the 2016 COLA – will there be one – to the federal budget and spending. MUCH to continue to watch and monitor.

On the state scene, again, as this newsletter goes to press, our legislature just finished its second special session. The focus was passing a budget. Everything from a gas-tax hike to a transportation bill to funding education remain topics of key interest and importance. **8572**

So, whether from here or from afar, Don and I are continuing to watch and monitor legislation. Questions on the above or other issues? Contact me!

NARFE-PAC – Steve Howes

Recently, I was watching a political news show. Being discussed – the rapidly growing slate of candidates for president of the United States. One of the commentators suggested that although the presidential election is important and receives the most attention, the races at the congressional and state levels are the ones that can have the greatest impact on the individual American citizen. This is especially true when it comes to legislation affecting the lives of current and retired federal employees. Yes, the president sets the stage for legislation that could impact our earned benefits; but, it is Congress that either passes, modifies or rejects individual laws.

NARFE-PAC is a tool that allows our organization to provide financial support to campaigns of members of

Congress, or potential members, who support legislation important to us. The beauty of NARFE-PAC contributions is – they can be used in important races across the nation, not just in your local area. **3778**

The fight to protect our benefits is an ongoing battle, especially during times when budgets are tight. Even though our chapter is on "summer break," your support to NARFE-PAC remains crucial to achieving NARFE's legislative goals. So, please sign up for the sustainer program or send in a one-time or monthly donation, if you can. Need more details? See the latest *narfe* magazine.

Alzheimer's Research – William Darke

At the May district workshop, Bob Elmore (below, right), WSFC Alzheimer's chairman, presented a certificate to me for our chapter. It is a "Citation for Distinguished Service" certificate recognizing chapter members' outstanding contributions to the Alzheimer's Research Fund for the funding year ending April. Members donated \$2,540. Besides Bob's signature, NARFE National Alzheimer's Chairman Merv Stuckey and NARFE President Richard Thissen signed the certificate.

Remember, contributions are tax deductible, if you itemize deductions. Thanks again for your continued support.
